A **non-traditional student refers to a category of students at colleges and universities. The National Center for Education Statistics (NCES) notes that there are varying definitions of **nontraditional** student. The term is defined in a general way to refer to postsecondary students who are 25 years old and older.

Selected 2020 Scholarship Recipients will be required to attend an introduction brunch held in February and the Women of Outstanding Achievement/Promise & Courage honors luncheon in April, 2020

AAUW has been empowering women as individuals and as a community since 1881. For more than 130 years, we have worked together as a national grassroots organization to improve the lives of millions of women and their families.
